Polycraft Boats for Commercial Operators

Polycraft boats are well suited for commercial usage because of their stability, durability, low maintenance attributes and dual skin design. This dual skin design provides the required cavity for placement of positive flotation to be installed to attain the required Level Flotation format at a cost-effective price point.

Since Polycraft's inception in 2001 we have supplied significant amounts of boats in all models and configurations to the commercial sector for many and varied end users such as:

- ✓ commercial fisherman
- ✓ charter operators
- ✓ water taxi operators
- ✓ hire and drive businesses
- ✓ local councils
- ✓ government departments
- ✓ non-profit organisations

With a high percentage of these boats still in service today, which is a testament to a Polycraft Hulls durability, safety and longevity.

Polycraft hulls are compliant with the NSCV and are available in Exemption 40 and Exemption 02 (non-survey) classifications for commercial end users, for more information contact Polycraft on **1800 336 603**.

Level Flotation

"Because of the unique requirements of the South Australian Gulf channels and waterways we urgently needed a shallow water craft in our flotilla.

We chose Polycraft, and this vessel will be a huge benefit for our Coast resources."

Polycraft Approved Trailers

2 EXTRA YEARS HULL WARRANTY*

Receive an extra 2 years hull warranty by purchasing a Polycraft approved trailer in conjunction with new Polycraft hull order placement.

Standard Hull warranty is increased from 4 years to 6 years on an approved Polycraft trailer.

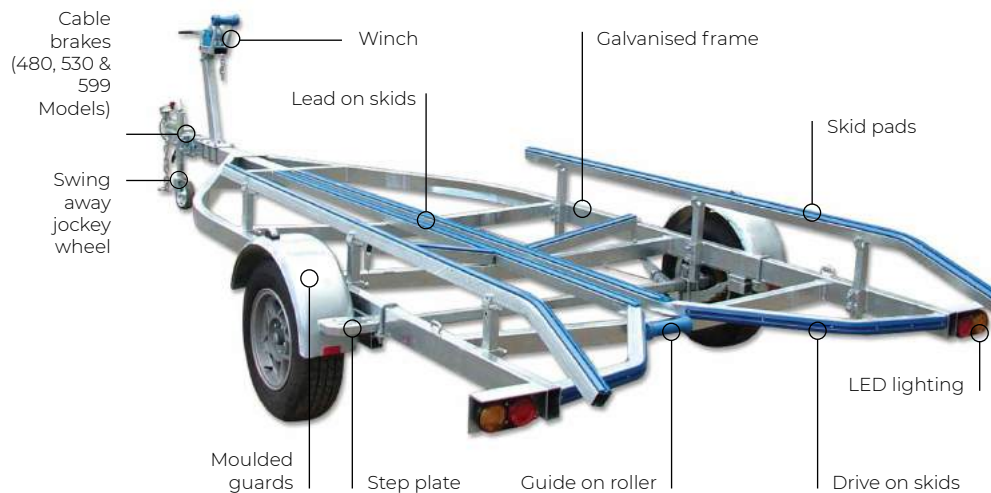

Extended warranty is available on all Polycraft models ordered with an approved Polycraft trailer from July 1st, 2019.

All Polycraft boats must be trailered on a Polycraft approved trailer to retain the hull warranty.

These approved trailers will have skids positioned correctly to properly support your Polycraft boat as well as allow easy launch and retrieval.

To find out what trailers are approved by Polycraft call **1800 336 603** or go to **www.polycraft.com.au**
