In particular, all visible rocks surrounding Center Island are regarded as turning markers and all crews must stay clear of and outside these rocks.
- 4.3. Interference: a crew causes interference to another crew if it changes course to prevent another crew from passing, if it does not give way when required under this regulation, or if it causes a collision with another crew through not giving way when required by this regulation.
- 4.4. Collisions: in case of collisions (of boats or oars), the Umpires may decide who is at fault and may impose a penalty on the boat responsible for the collision.
- 4.5. Overtaking: it is the responsibility of a crew overtaking another crew to avoid a severe collision with the crew being overtaken; a crew which is being overtaken must not obstruct the course of an overtaking crew. If a crew being overtaken obstructs or causes a severe collision with the overtaking crew by changing its course or in any other manner, the Umpire may penalise the crew causing obstruction or severe collision by awarding a time penalty of 30 seconds, or may exclude the crew or take other appropriate measures under the rules.
- 4.6. Rounding of a Turning Marker: at the turning markers crews should avoid collisions with other crews and observe the rules of overtaking. Crews are responsible for their own steering and shall follow the direction given by Umpires, including Umpires at the turning marker.
